Catie O'Brien was just 7 years old when she was diagnosed with a very rare form of brain cancer on July 1, 2008. She began treatment at St. Jude Children's Research Hospital on July 9, 2008. During her treatment Catie was looking for ways to make a difference in the lives of others.

Catie returned home to Pennsylvania in December 2008 when the doctors at St. Jude discovered that her cancer was not responding to treatment. Knowing that Catie was going to die she began thinking about what she would leave behind – her legacy. Catie had several wishes for those who loved her to carry on after she died. The first is the creation of the *Catie's Wish Foundation* – a non-profit organization with the mission of eradicating pediatric cancer through prayer and research. To learn more about Catie or to help support her foundation, please visit [www.catieswish.org](http://www.catieswish.org). Catie is the niece (once removed) of Heather Wilkerson, a Heartworks member.
